

Table 4. ZEB-related policy needs

ZEB

SPECIFIC

TYPE OF POLICY NEED

POLICY NEEDS

LEGISLATIVE & REGULATORY

- Developing a national ZEB definition and methodology.

INSTITUTIONAL

- Establishing monitoring and evaluation mechanisms for ZEBs.
- Designing specific policies and measures to advance the transition to ZEBs.

TECHNICAL

- Enhancing skills for various professional profiles and developing training programmes tailored to ZEB implementation.

FISCAL & FINANCIAL

- Exploring innovative financing instruments and mechanisms.
- Ensuring continuity in national financing schemes to support the transition from nZEB to ZEB constructions and renovations.
- Leveraging private investments.

INFORMATION & PERCEPTION

- Establishing communication and awareness campaigns on ZEBs to provide certainty and clarity to industry professionals and potential investors.
